I thought I would be loving the mountain because most of my travels happened on hills and mountains till I had an experience with south coastal sea trip from Rameshwaram to kanyakumari... Those trips are eagerly waiting to see the tiny line of the sea from the

road trip... Just wowww... Each and every time I saw sea water from afar. Like a kid I used to say “atho Anga Anga kadal therithu, Anga therithu”... 😄 Mountains or beach with family and family 💕... THE BEST TO PREFER...
